

# APPENDIX C – Location of Treatment

## Aquatic Vegetation Treatment Proposal Form – Lake Athens

**Directions:** Mark an X on the map to indicate the location of the property that will be treated. Measure the length of the shoreline and then complete the area calculation below based on the standard 75' from shoreline treatment limit.

**Location:**

**Measured Area:** shoreline length (ft) \_\_\_\_\_  
times depth of treatment (ft) \_\_\_\_\_  
equals total treated sq ft \_\_\_\_\_  
divided by ft<sup>2</sup>/acre 43,560  
equals total treated acres \_\_\_\_\_
